Standard Lime & Stone Quarry, INSTRUMENT WORKSHOP

HAER No. WV-49-J

Location: Standard Lime & Stone Quarry, southwest edge of plant area, County Route 27, Millville, Jefferson County, West Virginia.

UTM: 18.4353510.26080  
Quad: Charles Town, West Virginia

Significance: The Instrument Workshop is one of three intact surviving examples of vernacular support structures used at the Standard Lime & Stone Quarry plant.

Description: The single-story, single-room, gable-roofed workshop is wood-framed with one door opening on the east side. The building is covered with corrugated metal and measures roughly 10 by 18 feet. It is unaltered and in good condition, but it is engulfed in vegetation.

History: The building was constructed by the Standard Lime & Stone Company between 1920 and 1935. During the late 1930s, it was used as an instrument workshop for the P32 Operation.
